

# Proven to be the easiest, fastest, flexible face fitting system in the UK today.

**By following these simple steps,  
you will fit your sign face  
in the fastest possible time,  
first time, every time!**

'Springflex'® is a revolution in the fitting and maintenance of flexible faced signs. Its unique, hooking system is simplicity itself. The patented 'Springflex'® system provides fast, accurate and instant tensioning of the sign face, without any mechanical adjustment.

This guide has been formulated to ensure that flexible faces are manufactured to the right specification. **PLEASE READ AND FOLLOW THESE INSTRUCTIONS.** It will make installation one of the simplest jobs ever, so anyone, without special tools for adjustment or previous experience, can fit Flexible Faces to the Springflex® system perfectly, in literally a few minutes.
